Education

General Ricardo G. Papa Sr. Memorial High School

Key Achievements: Developed strong foundational skills in computer literacy, research, and digital documentation.

Bachelor of Science: *Information Technology* Pamantasan Ng Lungsod Ng Pasig

Expected in 07/2027

Key Achievements: Consistent Dean's Lister throughout the program, maintaining academic excellence. Developed and deployed hands-on academic projects including a Point of Sale (POS) System, Document Management System (DMS), Resource Management System (RMS), Inventory Management System (IMS), and an E-commerce Website. Served as Multimedia Video Editor for the Pamantasan ng Lungsod ng Pasig Mother Organization.

Professional Summary

Detail-oriented and highly efficient BSIT undergraduate seeking entry-level remote opportunities such as Data Encoder, Virtual Assistant (VA), Administrative Support, Online Customer Service, Video Editor, or Social Media Content Creator. Possesses exceptional typing speed of 90–100 WPM and intermediate-to-advanced proficiency in Microsoft Excel and Google Sheets, with hands-on experience in systems such as POS, Document Management, Inventory Management, and E-commerce platforms. Skilled in video editing and content creation using CapCut and Canva, with experience producing multimedia content through organizational involvement. Holds certifications in Information Security, MS Office, Remote Data Entry, and Web Development, demonstrating a commitment to continuous learning. A fully equipped remote work setup ensures readiness to deliver reliable, high-accuracy support in a work-from-home environment. Eager to apply foundational IT knowledge, creative skills, and strong attention to detail to contribute meaningfully to a team as a beginner remote professional.

Technical Skills & Core Competencies

- **Data Entry & Typing:** 90–100 WPM with 92% accuracy, alphanumeric data entry, ten-key data entry.
- **Microsoft Excel & Google Sheets:** Data sorting/filtering, formulas & functions, Pivot Tables, data validation, and spreadsheet formatting.
- **Technical Skills:** IT troubleshooting, database concepts, data privacy/confidentiality awareness.
- **Remote Work Tools:** Zoom, Slack, Google Drive, Microsoft 365, and online collaboration platforms.
- **Content Creation & Video Editing:** Video editing using CapCut, graphic design and social media content creation using Canva, basic multimedia production for digital platforms.
- **Soft Skills:** High attention to detail, time management, self-motivated, and strong written communication.
- **Systems Experience:** Point of Sale (POS), Document Management System, Resource Management System, Inventory Management System, and E-commerce Websites.

Remote Work Setup

- **Hardware:** High-performance PC and Laptop available for dedicated work.
- **Internet:** Reliable, high-speed fiber internet connection (90–100 Mbps) ensuring uninterrupted daily operations and seamless communication.
- **Backup:** Mobile data hotspot available for internet redundancy.

Projects & Academic Experience

Academic Database & Spreadsheet Management (BSIT Coursework)

- Maintained, encoded, and organized large datasets for various IT academic projects.
- Utilized advanced Excel functions to clean, filter, and analyze data for class presentations and reports.
- Ensured 100% data integrity and accuracy when managing peer project records.

Certifications
